2008 REPORT OF SENATOR MOLLY M. KELLY

As your State Senator, I am again honored and privileged to have the opportunity to serve you. This report will bring you up to date on important issues in the New Hampshire Senate affecting you, as residents of Marlborough.

While I serve on the Capital Budget, Education, Executive Departments and Administration, and Transportation and Interstate Cooperation committees in the Senate, there are some specific issues on which the Senate will focus during the current legislative session: costing an adequate education, strengthening the New Hampshire Retirement System, providing broadband service, improving access to healthcare and housing, and addressing highway funding and our statewide transportation infrastructure, as well as improving job opportunities.

Last session, the Senate concentrated on several key issues important to the citizens of New Hampshire: helping working families by increasing the minimum wage; protecting our citizens' health by implementing a smoking ban in restaurants and bars, increasing access to health care by supporting expanded eligibility to health insurance, protecting New Hampshire's special places and open spaces by increasing funding of the Land and Heritage Investment Program, adopting consumer protections for individuals facing foreclosure and reducing the dropout rate in our high schools by raising the age of compulsory attendance. We also passed a fiscally responsible state budget for the FY 2008-2009 biennium that meets the needs of our most vulnerable citizens without a sales or income tax.

In FY 2007, the Town of Marlborough received a total of $1,251,735 in Education Grants; $62,056 in Highway Block Grants; $81,354 from the Meals & Rooms Tax distribution and $38,385 in Revenue Sharing.

I would be happy to hear from you on any of the topics above, or other issues of concern. If you wish to contact me about these or any other matters I might assist you with, please call me at (603) 271-7803 or email me at molly.kelly@leg.state.nh.us.

Respectfully submitted,

Molly Kelly

District 10

SELECTMEN'S FOREWORD

2007 was a year with some unusual problems to be addressed. We are making progress in the complicated process of bringing a new town well on-line. During 2007 we hired a hydro-geologic company to do a survey of the town to identify potential well sites. They proposed a number of areas where there have been wells drilled that produced substantial amounts of water. One promising area is near the town pavilion. Since this is town owned property, there may be a significant cost savings in not having to acquire land. In December we began the process of choosing a firm experienced in the process of obtaining a permit to drill. High volume wells have a complex permitting process. It is not as simple as drilling a residential well.

As the users of our sewer system know, we had to raise the sewer rates this year. This was due to the City of Keene raising the rates we are charged for the treatment of our wastewater. As we were calculating the new rates, we realized we have a problem with water getting into the system and increasing the amount of wastewater treated by Keene. In October, working with Granite State Rural Water Association, we ran smoke tests on the entire system in an attempt to identify the source of the inflow. This was not successful so we are evaluating companies that specialize in finding sewer problems. We will continue our efforts to resolve this and hopefully reduce the sewer charges to our users.

We have to thank the Marlborough Community Association for the new street signs in town. The program is continuing and the MCA hopes to finish replacing all the signs in 2008. "Thank you" to all in the MCA who are working to make this project a success.

This year we are pleased that the Marlborough Police Department is fully manned with very competent personnel and we now have the three cruisers as authorized by the Town Meeting last March.

At last year's Town Meeting there was a warrant article to repair the Gates Road bridge. This project became more and more complex and more costly as we went forward. We have found a company in Maine with a unique technique that will cost close to the amount of the original warrant article and is fully approved by NHDOT. However, the work is not being done until the summer of 2008 to meet NHDES requirements. We have to be in a period of "low flow" because Robbins Brook will be diverted.

In December we signed a conditional contract with Cross Country Appraisal Group, LLC to do partial revaluations each of the next four years. In 2011, when we are required to do a total revaluation, we can meet the State of NH requirements without an expensive one year effort. This approach keeps the expenditures for revaluation level year-to-year and helps keep the town tax rate stable.

2007 was the year that seemed to bring out problems, we will make 2008 the year to resolve the problems.

Report of the Town Clerk/Tax Collector

For those located within the water and sewer districts, the upgrade to the Town's equipment continues. Cliff Warme has been awarded the contract to install new equipment, as well as to make all repairs. If a problem is detected at your home during the quarterly readings, Cliff will be contacting you to schedule an apointment to make any necessary repairs.

I am sure you have all noticed the increase to your quarterly bills if you are serviced by the Town's sewer system. Rates have increased for sewer from $2.75/1000 gallons to $5.34/1000 gallons, as well as a newly instituted fixed base rate of $26.50 for all homes serviced by the Town's sewer system. These increases are being felt deeply by all users, but were necessary due a sharp increase in the rate the Town must pay Keene for our discharge to the Keene Treatment Plant.

If you are carrying a past due balance with the Town for either property taxes or water and sewer, please know that we accept payments towards your balance in any amounts. By making small regular payments towards your balances, it will save you from paying more interest on larger balances. We are, however, unable to accept pre-payment towards property tax or water and sewer. If you over pay these items, we will have to voucher back to you any amount overpaid.

Looking ahead to 2008, with four elections before us, work has and will continue to be very busy with the maintenance of the Checklist. You can always find details on how to register to vote, and any dates the Supervisors of the Checklist will be in session on the Town's website, www.marlboroughnh.org.

In late 2008, we are scheduled to go online with motor vehicle registrations, using the State's MAAP program. This will involve many changes for us and the residents of Marlborough, however we will work hard to try to make the transition as smooth as possible for all of you. A slight modification to the hours we will be open for motor vehicle registrations may be necessary.

As our telephone number was once again omitted in the latest telephone book, a large number of you have had problems contacting us. The telephone number for the Office of the Town Clerk/Tax Collector is 876-4529, and either myself or Heidi are available to answer any questions you may have.

In closing I would like to take this opportunity to thank Heidi Laffond, my deputy, for all her hard work throughout the year, as well as the Board of Selectmen, and all of the Town's departments we work closely with. By everyone working together, we are striving to provide the Citizens of Marlborough with the excellent service they deserve.

Respectfully Submitted,

Ellen J. Orkins
Town Clerk/Tax Collector

REPORT OF THE TRUSTEES OF TRUST FUNDS

The enclosed "Report Of The Trust Funds Of The Town Of Marlborough" provides a detailed view of the Funds' status as of December 31, 2007. They total $2,289,553 on a market value basis and provide supplemental income to many of the Town's departments and organizations.

2007 gave credence to two important investment strategies and those are to have a well diversified portfolio and a long-term time horizon. Our Trusts Funds' portfolio incorporates both of these strategies which served it well inspite of the following issues. Volatility was evident as the market experienced large up and down swings. The housing downturn and low quality mortgage loans brought about major concerns in the financial markets. Oil prices reached new highs. The U.S. Dollar reached new lows versus other countries' currencies. The Federal Reserve reduced the federal funds interest rates. Growth stocks outperformed value stocks and large-caps stocks outperformed small-caps stocks. Consumer spending was a concern. There will still be issues in 2008, but we will maintain our investment strategies.

Even with 2007's market volatility, we are pleased to report that the Trust Funds' portfolio returned about 7.0% on a net basis.

Respectfully submitted,

Wayne Crowell, Rufus Frost, & Charlton MacVeagh

Marlborough Police Department Annual Report

The Marlborough Police Department is currently staffed by three full-time police officers, Chief Christopher Lyons, Detective Steven LaMears and Patrolman Steven Berry. Each officer works 40 hours per week plus takes varied hours of on-call time. In our absence, the town is covered by New Hampshire State Police, Troop C and neighboring town police departments.

In September, Administrative Assistant Rebecca Hokanson's hours were increased from 15 to 24 to provide regular office hours. Rebecca is available to assist citizens with pistol permit applications, records requests, vacant house checks and taking simple reports.

Crossing Guard Scott Hopkins covers the Frost St. crosswalk mornings while Crossing Guard Arlene St. Pierre covers afternoons. They are both dedicated to safely crossing school children each school day.

Detective LaMears continues to investigate felony level cases, handle case management, serve as a liaison between the department and the regional prosecutor's office and manage the property/evidence room. He is currently attending a supervisor's course through the Local Government Center (LGC) and will graduate later in 2008.

Patrolman Berry graduated from the police academy in June and is developing into a fine young officer. He is currently attending Fitchburg State University to complete a master's degree.

In March, the Office of the Regional Prosecutor was taken over by the Cheshire County Attorney's Office. The Swanzey Police Department had originally administered the program.

All three officers attended skid control training through LGC at the Concord Airport in October. Each Officer received hands on training to enhance their safe operation of the town's cruisers.

The police department received some very generous donations this year:

The Monadnock Lions Club purchased a new defibrillator with carrying case and pads, $2,324.68.

A caring town resident purchased a rifle for the third cruiser, $779.55 and purchased four new office chairs, $600.00.

Mr. Ed Pelkey donated his time to construct a wooden frame with a plexi glass cover to hold the town map in our office.

Ron Yantiss, owner of Inkberry donated a nicely framed police "Code of Ethics" to proudly display in the station.

George Streeter, owner of Streeter Electronics, donated a metal detector and a hand-held scanner.

Deena Forcier and Bob Hill have donated many hours of their time to upgrade and maintain our computers.

The police department brought in the following revenue which all goes into the town's general fund:

Pistol Permits	$150.00
Court Fines	$339.47
Records Requests	$587.00
Truancy Officer	$100.00
Parking Fines	$910.00
Dog Fines	$125.00
Welfare Fraud	$4,502.09

Sold two old radar units to a neighboring town $1,000.

The department received a portable radio with accessories through a Homeland Security grant from the New Hampshire Department of Safety in June, $1,685.00.

We also received a grant from the New Hampshire Highway Safety Agency in the amount of $2,786.22 for motor vehicle violation enforcement on NH Route 101 from June 1 through September 15. Officers worked 15 patrols in 4-hour blocks. This effort to reduce traffic accidents and road rage complaints on NH Route 101 was done in conjunction with other departments from Amherst to Keene. We hope to receive another grant like this one in 2008.

The police department investigated 15 burglaries during the year. Of these 15 burglaries we were able to successfully solve 12.

The police department enjoys the close working relationship we have with the Marlborough Fire Department, the Marlborough Highway Department, Marl-Harris Ambulance, Town Clerk's Office and the Selectmen's Office. Thank you all for your continued support.

Several citizens have asked where the revenue from traffic citations goes. The New Hampshire Police Academy receives 15%, the Victim Witness Program receives 5% and the rest goes to the State of New Hampshire to cover Court costs.

Please feel free to stop by the station should you have questions or suggestions. I am more than happy to explain the operations of your police department.

Respectfully submitted,
Chief Christopher J. Lyons

REPORT OF THE HEALTH OFFICER

The role of the Health Officer is to enforce the New Hampshire public health rules and regulations and the local public health ordinances. The Health Officer serves as liaison between state officials and the community on issues concerning local public health.

Services provided during the year 2007:

Home Inspections for Foster Care	2
Housing inspections as a result of tenant, neighbor or landlord complaint (two of these cases required numerous visits and intervention – one is on-going)	8
Inspection of businesses providing health related services as requested by the NH Office of DES and DHHS (Dept. of Environmental Services and Dept. of Health and Human Services)	3
Miscellaneous issues requiring attention	11

The Health Officer is a member of the NH Health Officers Association and of the Cheshire Public Health Network and attends meetings of these groups on a regular basis. The goal of CPHN is to insure local preparedness in the event of a Pandemic caused by Avian Flu or another contagious disease or in the event of a biohazard emergency or natural disaster.

Some of the situations addressed this year were more complex than in previous years. In some cases it was necessary to involve other town officials with different areas of expertise in order to resolve a problem. Therefore, I would like to thank the Building Inspector, Fire Chief, Police Department, Welfare Director and Selectmen's Office for their cooperation and their willingness to share their time and knowledge with me.

The Health Officer is available for assistance with public health related issues. I am looking forward to continue working with the residents of Marlborough in 2008 to promote health and safety in our town.

Respectfully submitted,
Justine Torelli
Marlborough Health Officer

REPORT OF THE WELFARE ADMINISTRATOR

2007 has been a very busy year regarding requests for welfare assistance. The service most requested has been for rental assistance. In addition, due to government cutbacks and the high price of fuel, this year showed an increase in requests for fuel assistance. Many people receiving assistance through the Fuel Assistance Program at Southwestern Community Services have used the funds available to them in less than one fill. Several families applied for welfare assistance in 2007, many single mothers and a few single men. Other services requested were for utility, food and prescription assistance.

To help relieve some of the burden from taxpayers dollars spent, I continue to refer clients to outside agencies such as The Salvation Army, Southwest Community Services, SHARE, WIC, TANF, The Community Kitchen, St. Vincent DePaul and local food pantries.

With the extreme generosity and total commitment from various organizations such as Toys for Tots, The Federated Church, The Salvation Army, Sons of the American Legion, Ladies Auxiliary Post 24 and Coutts & Croteau American Legion, many needy families were provided with enough food to prepare their holiday meals and gifts to make Christmas a special day for their children.

Respectfully submitted,
Cindy Molesky, Welfare Administrator

REPORT OF THE HERITAGE COMMISSION

Our Mission: The Heritage Commission is dedicated to preserving and protecting those features of our community, which are significant resources relative to our historic, cultural and aesthetic qualities, and to promoting the recognition and use of these resources for the benefit of present and future generations.

Completed projects in 2007:
The Heritage Commission completed four primary projects this past year as part of on-going efforts to fulfill our "Mission".

- A bronze plaque was purchased to replace the original polished & engraved granite plaque, which was vandalized a few years ago. This new plaque has a detailed photograph and historic description of the Monadnock Blanket Mills, which operated on this site from about 1870 to 1953.
- A new wooden gate was installed at the Meeting House Cemetery, replacing a chain-link gate. The new gate is a definite improvement to the appearance of the cemetery and the historic area on Frost Hill Rd. This was a joint project with the Cemetery Commission.
- The Maynard-Gates House (our town's oldest timber-framed house, built in 1767) was repainted on two sides, completing a 2-year project. In addition, a new gutter was installed to better control rain runoff in the area of the entry door.
- A large interpretive panel was designed and placed at the sitting area of the Meeting House Site. This panel shows several of the older buildings, which existed in the old center of town, some still standing, some not. Another panel has been made and will be placed near the old town pound in the spring. It shows a picture of how that area looked in 1900 with cleared fields and a view to Meeting House Pond and to Monadnock. Several boulders are still visible today. We gratefully acknowledge these panels as a gift from The Mountain.

Projects planned for 2008:
The Commission has plans to accomplish the following projects in 2008.

- At the Bell Tower, install the new historic bronze plaque on the existing granite post.
- At the Meeting House site, remove a few tree stumps and re-seed; repair a section of stonewall; and remove several trees to improve our scenic view of the Mountain.
- At the Bell Tower, do some needed maintenance -- resealing the wooden structure.
- At the Webb Depot Bridge, remove brush; and at the Maynard-Gates House, remove brush and small trees along the side of the lot adjoining Rt. 101.
- A special project we plan to launch in '08 is to create a redesigned placemat for use at public events at the Community House. This would depict our town's heritage & history in photos and text and would

replace an original design created by the Commission several years ago, which received much interest.

We would like to express appreciation to Janet & Frank Buckbee and Manfredo Torelli for their years of service on the Heritage Commission. At the same time we welcome Dick Hill as a new member and look forward to his contributions to our endeavors.
We also appreciate the continuing support of our townspeople and those who help us as volunteers and others through their donations, as we work on projects that contribute to our town and the benefit of our residents and many visitors.

CEMETERY TRUSTEES REPORT

There are several people we would like to thank this year for their work and time at the cemeteries. First, we would like to thank Mike Ball, our sexton, for his knowledge and time at the cemeteries. Peter Humphrey for digging the graves. Harry Patnode for emptying the rubbish barrels, repairing two water pipe leaks. Debbie Durocher and Leon Durham for the excellent job in mowing. Also, Robert Hackler for removing the huge pine limb that fell this last winter at the East Cemetery on the Old Harrisville Road.

For the last couple of years Richard Butler, of the Heritage Commission, approached us about having the chain link gate replaced at the Meetinghouse Cemetery on Frost Hill Road with one that would be aesthetic to the old cemetery. The project was completed this last summer with a white wooden gate, which also compliments the Meetinghouse site and the Town Pound.

In 1999, the trustees had a warrant article to remove the pine trees in the East Cemetery. There was opposition to the removal of the trees so the limbs were trimmed instead of removing them. This last winter a large limb, which was rotted inside, came down and damaged four gravestones that cost $400 to repair. It is time now to have these trees removed before we have a catastrophe. Many of the old head stones are slate or marble, which make them difficult if not impossible to repair. We have asked the Board of Selectmen and the Budget Advisory Committee for an article in the warrant to deal with this situation. We are now asking the voters in the town to approve this article and help us to preserve this old cemetery.

Respectfully submitted,

REPORT OF THE PLANNING AND ZONING BOARDS

Last year had very few applications, but was still quite busy for both Boards since we held many lengthy public hearings for two different wireless service tower proposals.

Among those actions taken by the Planning Board in 2007 were proposals for ordinance amendments to define commercial kennels, elderly housing and drive-through establishments, and also to regulate casual sales (yard sales etc.). Discussion also continued on updating the transportation section of the Master Plan.

There were no subdivisions or boundary line adjustments in 2007.

After site plan reviews, the Planning Board granted permission for an office building at 290 Main Street (Silver Direct), and discussed adding 13 new units at the mobile home park on Ryan Road. The latter was a rehearing resulting from a lawsuit filed in Superior Court.

The Zoning and Planning Boards conducted several joint hearings for variances, special exceptions and site plan reviews. After much deliberation, permission was granted for a 150-ft. wireless service tower with a pine tree design at 188 Laurel Street, and a 10-ft. extension of an existing tower at 400 Old Chesham Rd.

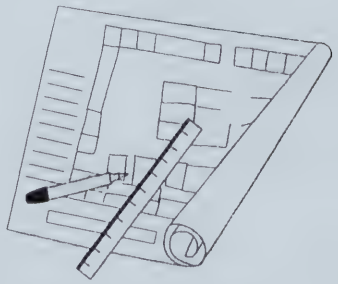
The Zoning Board of Adjustment denied a special exception to allow a commercial kennel at 808 Jaffrey Road.

This past year, we had no changes in membership for either board. Kathy Oliver continues to do an excellent job as our clerk.

Both Boards value the input and concerns of the public. To serve you, a Board representative will be available for consultation by appointment on Monday evenings from 7-9 p.m. Advance appointments may be made through the Selectmen's office at Town Hall (876-3751) or the Town Clerk (876-4529).

Respectfully submitted,
Ken Kerber, Chairman
Planning Board

Frank Buckbee, Chairman
Zoning Board of Adjustment



CONSERVATION COMMISSION

The Conservation Commission during 2007 established seasonal monitoring of the run-off basins on Stone Pond Road. Diversions were also upgraded and installed on Stone Pond Road and Hunt Road to protect Stone Pond from pollutants.

The Commission also established an energy sub committee headed by Marge Shepardson. The focus of the sub committee was to "encourage energy conservation, energy efficiency and the use of renewable energy in homes, businesses and town buildings." As a result, PSNH and RISE Engineering undertook energy audits of the town office, fire station, and highway garage with a total energy audit planned for the near future. Converting town vehicles to bio-diesel was also suggested.

In 2008 the Commission plans to expand energy conservation and climate warming education and to find further means for the town to conserve energy and help to control climate warming.

Ira Gavrin
Chairman

OPEN SPACE COMMITTEE

The Open Space Committee would like to thank and acknowledge the families that donated conservation easements this past year. The Frost, Howe, Pell, Hayden, McKenna/Miller, and Iselin families donated easements that added 800 acres of open space helping to preserve the rural character of Marlborough. These conservation easements were all private donations, with the exception of the Iselin easement, which had financial support from the Town.

REPORT OF THE FIRE WARDS

The Marlborough Fire Department responded to 115 calls during 2007. This compares to 96 calls in 2006 and 110 calls in 2005 A breakdown of the 2007 calls is as follows:

Structure Fires	3	Construction Accident	1
Vehicle Accidents	26	Mutual Aid	27
CO/Fire Alarms	17	Wires Down	5
Assist Ambulance	6	Brush Fires	3
Chimney Fires	5	Other Calls	22

Included in the above calls were several serious incidents, including a major house fire, a fatal motor vehicle accident, and a tragic construction accident. Our members handled these, as well as all of the other calls, with a high degree of professionalism and support for one another.

The fire wards continue to look at upgrading our equipment and the small trucks in our department. Our reel truck, which is over 30 years old, had been out of service for a large part of 2007, and may require a major overhaul to keep it on the road. Changes in current standards will require that we look to upgrade or replace our self contained breathing apparatus, much of which is over 20 years old. We will continue to look at using grants whenever possible.

Training continues to be a priority. We have had several members gain certifications in various aspects of firefighting. The fire wards are looking at several options for 2008, including bringing in customized trainings for our members.

We again extend our sincere appreciation to the Fire Company, Ladies Auxiliary, Marl-Harris Ambulance Squad, Police and Highway Departments, Selectmen and Community for their continued support and cooperation.

The current officers of the department are:

Chief: John Manning
Deputy Chief: Steve Thomas
Captain: James Bleau
1st Lieutenant: Michael Laffond
2nd Lieutenant: Matt Patnode

We currently have 28 dedicated members, but continue to have a need for new volunteers. We provide all of the required equipment and training. Any resident who has any questions about becoming a member, or is interested in joining, should contact any current member for details.

REPORT OF FOREST FIRE WARDEN

This year was a slow Forest Fire season. We responded to 3 small brush fires in our town, but we were called upon to aid neighboring towns. We issued 165 Burn Permits to kindle outdoor fires, and responded to several calls for advice on placement of burn piles, and materials to be kindled.

Please keep in mind that a permit is needed for outdoor burning. When there is a **sufficient snow cover**, burning is permissible **without** a permit as long as material being burned meets the requirements of NH laws, and Southwestern NH Fire Mutual Aid is notified (352-1291). Informational pamphlets are available to answer the most common questions and explain the laws that deal with outdoor burning. Please feel free to pick up a pamphlet at the Town Office, Transfer Station, or the Frost Free Library.

I would like to thank my Deputies: Mike Goodwin, John Manning, Matt Patnode, Steve Thomas for their time and cooperation.

If you have any questions, feel free to call either myself, Mike Laffond 876-4224, Chief John Manning 876-3904,or Deputy Chief Steve Thomas 876-4052. We will be happy to answer any questions you may have.

Hope we have another safe year.

Thank you,
Michael F. Laffond

REPORT OF FOREST FIRE WARDEN AND STATE FOREST RANGER

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at **www.nhdfl.org**.

Fire activity was very high during the spring of 2007, particularly late April into early May. As the forests and fields greened up in later May the fire danger decreased. However, a very dry late summer created very high fire danger again from August into September, with fire danger reaching very high on Labor day Weekend. Even with the dry conditions, the acreage burning was less than half that of 2006. The largest forest fire during the 2007 season burned approximately 26 acres on the side of Wantastiquet Mountain in Chesterfield during the month of May. Our statewide system of 16 fire lookout towers is credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2007 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

MARL-HARRIS AMBULANCE

As another year begins, I am pleased to report that Marl Harris Ambulance Squad continues to provide top quality care to our patients within the towns of Marlborough & Harrisville, and that we are still not charging anyone! We are very proud that we are able to do this, especially since we are one of the last ambulances in this state still providing free service!

How do we do this? It is undoubtedly all the generous donations we receive from our friends and neighbors that makes the difference! With the ever increasing amount and cost of training required by our personnel, the expense of needed equipment purchases & upkeep, and the direct out of pocket payments to Diluzio Ambulance for the Paramedic services they provide for our patients needing such… we could not remain a free service without all of you!

And, we couldn't do what we do without the continued support of many amazing people, to whom we are most grateful! These folks include:

- ✓ An outstanding group of community members who comprise our Board of Directors… who give countless hours to "the business" of providing ambulance service!
- ✓ Fire & Rescue personnel in both towns… who provide us with incredible assistance on a regular basis!
- ✓ Police Officers in both towns… who are our trusted partners in so very many emergency situations!
- ✓ Diluzio Ambulance staff… who provides much needed Paramedic Care for our more serious emergencies, and who responds to our patient's needs when we are unavailable to do so!
- ✓ And, last, but certainly not least of all, all our neighbors, family members and friends within our communities…who support us in too many ways to count!!

However, we are actively searching for people who would like to get directly involved with our organization, who are willing to share their skills and talents! In addition to medical personnel within both towns, we also need folks to help in non-medical capacities such as directorship on our Board or membership on a Committee! Interested people only need to leave a message on our answering machine (876-3382), or get in touch with anyone below:

Board of Directors:

Phylis Manning, President	John Northcott, Vice President
Helen Wilson, Secretary	Dino Drakiotes, Treasurer
Susan Bemis	Rufus Frost
Bob Raymond	Marlene Morse
Nancy Wyman	Roger Packard
Beverly Packard	

Field Officers:

Chief: J Eric Hood — Deputy Chief: JD Morse
Captain: Sandra LaPlante
Lieutenant: Alison C Woods Baker
Lieutenant: Mike Goodwin

On behalf of all of us on Marl Harris, may you all have a safe & healthy 2008.

Respectfully submitted,
Phylis M Manning

2007 RECREATION COMMITTEE ANNUAL REPORT

It was another busy year for the Marlborough recreation committee. We welcomed two new members, Brian Bunce and Mark Chamberlain. This past winter we opened up an area at the ball flat for additional parking that serviced fans of soccer, track, and baseball. This past spring we continued the task of clearing brush around the pavilion and "new" basketball court. We converted the old skateboard paving to a basketball court. One new heavy-duty basketball hoop, pole, and backboard were installed and another was purchased to be installed spring of 2008. We also have purchased new steel grills to replace and or be added at Stone Pond beach and had several dead trees removed at the beach.

This past summer, swimming lessons returned to Stone Pond. With the help of the American Red Cross, we hired an instructor that taught over 30 town youngsters how to swim. Hopefully we will be able to continue the program this summer.

In addition to swim lessons, Marlborough recreation provided a fall soccer program to over seventy town children ages 4-12. It featured 8 teams and 20 coaches and assistants. We assumed the role of director of Marlborough youth basketball this winter, providing instruction to over 40 kids and this spring our kids once again, will be invited to play in the Swanzey bambino baseball league and the Allyson Barden girl's softball league in Keene.

The adult recreation group continued their weekly gatherings for bingo, games and companionship. They also enjoyed a nice summer picnic at the ball flat pavilion and this fall took a foliage tour aboard the green mountain flyer in VT along the Connecticut River. They are currently in need of a new person or persons to lead the group as organizer and planner.

We are still experiencing incidents of vandalism around the pavilion, the ball fields and the recreation shed at the fields. Police have been notified and are doing their best to reduce the destruction. It's becoming costly in money and time to repair the damage. We see this as one of the biggest challenges facing the committee.

Respectfully submitted.

Report of the Frost Free Library 2007

The Frost Free Library continues to be a busy, busy place, thanks to our wonderful patrons, hardworking trustees and Friends of the Library, and our committed staff members! This year we said goodbye to our director, Stephanie Chase and welcomed a new director, Cynthia Muse.

There have been many subtle, as well as obvious, changes at the Library during 2007 With the interest from our Trustee Funds, which continue to grow through generous donations and bequests, the Library has been able to complete projects or purchase materials without using taxpayer funds.

- New comfortable chairs and lamps
- New energy-efficient lighting
- New coat of paint to the front door
- New lighting for the outdoor sign
- Audio speakers and receiver for movie showings
- New "vintage" dry sink for storage in the Maybelle Page Community Room

For each of these projects, the Library used local workmen and businesses, so if you haven't visited lately, drop by and see for yourself. Sit in a comfy chair and read the local paper, or schedule the meeting room for your gathering, or sign up for one of the many programs offered by the Library. Most of all come, see and experience a feeling of community at your Library.

Our program offerings continued to be popular, especially by families with children. The Summer Reading Program's theme was Reading Road Trip USA with over sixty Marlborough school age children participating. Other well attended programs are the new Scrapbooking program led by Marlborough resident Lisa Bunce, the Library Tea, Pre-School Story Time, our outreach programs at the Community House with Friendly Meals, and the Marlborough School.

The Library also began offering downloadable books set up thanks to a grant from the Park Foundation. If you have a wireless-compatible laptop computer or handheld device, feel free to come on down to the Library and use our high-speed network, powered by a cable modem.

It is always interesting to review some of the high points of 2007 through the numbers:

- The Library welcomed **149 new patrons**
- The Library had **11,124 visitors**; there were 9256 in 2006
- Many of those visitors attended one or more of our **131 programs** offered throughout the year
- Patrons took out **15,556 materials** and requested **821 materials** through our Inter-Library Loan services. This represents a **34% increase** in services during 2007
- **1842 people** used the Library's computers in 2007, almost doubling the number from 2006

Be sure watch for our now quarterly Library newsletter, and remember to check the Library's web site, **www.frostfree.org**, for the most up-to-date information on programming, new booklists and any other Library news.

Thank you for an active and great year.

and Cynthia Muse

Calculated using $546,875.00 total cash expenses, 11,188 total clients
Estimated dollar cost, per meal served, 2006: $0.60
Calculated using $546,875.00 total cash expenses, 780,888 total meals

Cost to Community Kitchen of pantry meals provided to Marlborough residents, at $.60 per meal through 09/30/07: $8,623.80

Percentage of total pantry box meals provided to residents of Marlborough: 2.76%

Please note that the numbers provided on this page are actual numbers of January through September only.

Traditionally, The Community Kitchen experiences a tremendous increase in both the number of families served and the number of meals distributed in November and December, due to Thanksgiving and Christmas holidays, cold weather and fuel bills. It is anticipated that at the end of the year over 32,577 pantry boxes will have been distributed in total.

The amount of reimbursement we have requested is based on the actual number for the first three quarters of the year and an estimate of the fourth quarter added together.

Minutes of the Town Meeting
Of the Town of Marlborough New Hampshire
Year 2007

Moderator John Fletcher declared the voting polls of the Marlborough Town Meeting open at 1:00 PM on Tuesday, March 13, 2007. He presented the empty ballot box to the election workers and Citizens present and announced that voting could begin. The polls are scheduled to close no earlier than 9:00 PM.

The Moderator convened the deliberative session of the meeting at 7:04 PM. He requested that all present stand for The Pledge of Allegiance to the Flag, led by Moderator Fletcher.

The Moderator requested that Selectmen's Chairman Gina Paight introduce those seated at the head table. Mrs. Paight introduced himself, Selectmen Lawrence Robinson, Selectman John Northcott and Town Clerk/Tax Collector Ellen Orkins.

The Moderator asked if there were any objection of those present to hear any reports or information necessary to conduct tonight's meeting from Sandra LaPlante, Administrative Assistant to the Board of Selectmen; Christopher Lyons, Chief of Police; Steven Berry, Police Officer; and Stephanie Chase, Town Librarian; as they are not residents of the Town of Marlborough. The voice vote was in the affirmative to allow input from Mrs. LaPlante, Chief Lyons, Officer Berry, and Librarian Chase.

The Moderator announced that the Presiding Moderator's Rules would govern this evenings meeting. Moderator Fletcher proceeded to explain the rules for the evening, after which The Moderator moved to the Warrant Articles, stating that the meeting was currently operating under Warrant Article I and would be doing so until the closing of the polls at 9:00 PM:

Article 1: To choose by ballot all necessary Town Officers for the ensuing year. **Further, the voters are notified that the Town business meeting will begin at 7:00 p.m. to act upon the following:**

3. Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Adopt Section 6.4.F.7 (Table of Use Regulations, Principal Uses, Other Principal Uses) -- **Wind Turbine Facilities including (but not limited to) wind turbine towers and other similar structures.** Not permitted in R1, R2 and R4. Permitted by special exception in Zones C1, C2, C3, C4 and R3; and adopt Section 9.12 (Wind Turbine Facilities), providing special provisions regulating wind turbine facilities, as posted in the Town Hall on January 16, 2007 and amended on February 6, 2007.

Explanation: This addition adds a new definition for wind turbine towers with provisions similar to other such structures, and also designates where they are allowed or not allowed in each zone.

The Planning Board recommends passage of this amendment.

MARLBOROUGH SCHOOL DISTRICT
2008 WARRANT/BUDGET
AND SCHOOL REPORTS

CHAIR REPORT

Greetings Marlborough,

Once again we find ourselves at the educational crossroads.

As you are by now well-aware, the town has been dealing with facilities issues regarding the school for many years. This past summer we were visited by both the New Hampshire Commissioner of Education and the state Fire Marshall. While both praised the commitment of the staff and the education provided to our students, they were very pointed in their criticisms of the building.

The Fire Marshall visited us in August. Despite knowing that the town had approved funds to repair the fire safety issues during the summer of 2008, the Fire Marshall required immediate work to be done before he would permit the school to open for the 2007-2008 academic year. This included construction work, closing the lower level of the old building to our youngest students, and taking two classrooms offline for all student use. As a result, the teachers had to reconfigure their rooms and classes; fortunately, they and the administration were able to quickly rise to the task and did a wonderful job of making the best of a bad situation.

In mid-summer the Commissioner of Education, Lyonel Tracy, came to Marlborough to tour the facility and discuss our repair timeline. After a thorough review of the structure and our history he indicated that if we do not comply with state health and educational standards by the end of our provisional status then we risk not being allowed to stay open after the 2008-2009 school year. Both the Commissioner and Ed Murdough (Administrator, Bureau of School Approval & Facility Management, New Hampshire Department of Education) made it very clear that this was not up for debate or negotiation.

If the school were to shut down we would need to tuition all of our students to schools in other towns – assuming other schools were able and willing to take them. Given the cost of tuition in neighboring districts and the cost of busing, this would cost us more than addressing our educational needs ourselves. More importantly, it would cut the heart right out of our town – just ask the residents of Surry what it's like to be a town without a school.

There are some in town who claim that the state would never shut down the school. They would have us do little if anything to the building and dare the state to take action against us. Such an approach would be a disservice to the town and, most importantly, to the children of Marlborough.

The school board is not in a position to play "chicken" with the Department of Education. We have a legal, ethical and moral obligation to our constituents to fulfill our responsibilities as elected representatives; as such, we are again gathering data to present options to the voters at the annual district meeting.

The school board has hired two architectural firms to work independently on two separate proposals to address our facility needs. In order to gain a fresh perspective, we hired architects from outside of our region who were not familiar with the history and conflicts surrounding these issues. Barker Architects from Concord will research and present a plan to renovate the existing building. Frank Marinace of New Hampton will present plans for a new school. As of this writing the school board plans to have at least one open forum where townspeople can listen to the architects' presentations, ask questions and offer input as to the designs and options. Our goal is to have final options ready for the district meeting in March. The specifics of the warrant article(s) will be determined after the town has had the chance to provide its thoughts and ideas on both proposals. We hope everyone will take the opportunity to participate in this process so that together we can reach a solution to put our school on solid ground for many years to come.

In an effort to keep parents up-to-date with what is going on in the school each week, the school board has asked the principal to include information about facilities and behavioral issues in the weekly Re-Pre that goes home with students. While not always good news, we believe it has helped dispel rumor and provided insight into the facilities issues we face caring for an old building. If you do not have children in school and would like a copy of the Re-Pre, please stop by the school office and Jay would be happy to provide you with one.

Much has changed with the Marlborough School since I first joined the school board. We've upgraded furnishings, playgrounds, mechanical and electrical systems; spruced up the hallways and classrooms; relocated offices; added safety systems; hired many excellent teachers (and said goodbye to many more!); and provided additional resources that allow our students the best opportunity to succeed here, in the high school, and beyond. These have all been accomplished within tight budgets and while promoting and maintaining positive relations amongst the teachers, school board and town. There is so much to be happy about, yet there is still so much more to do!

As I complete my last two months on the school board I want to thank all of the teachers, staff and school board members whom I have had the pleasure to come to know and serve. Our teachers have taken active roles in developing curriculums in SAU 29 and are seen as leaders within the SAU. Combined with the fact that there are three outstanding school board members returning next year, I am confident that the educational needs of Marlborough are in very good hands.

Respectfully submitted,

Jim Carley

ADMINISTRATIVE REPORT

In August, the State Fire Marshall condemned two classrooms and mandated several changes to our Marlborough facility with a non-negotiable completion date prior to opening day. A few days after the visit by the State Fire Marshall, I attended a school board meeting at which a Marlborough resident stood up in a dramatic fashion and declared that he had lived in Marlborough for his entire life and had been educated in Marlborough in a one-room school house. He insisted that his education had been perfectly adequate and he couldn't understand why these repairs were needed. If one room was good enough for him, well then the current facility was good enough for the kids who lived in Marlborough now.

Change – especially change that requires an increased financial commitment – can be difficult for community members to embrace. Because change can leave us unsettled and uncomfortable, at least temporarily, it is easy to focus on the negative aspects of change. In some cases, we recognize the importance of moving ahead, making changes that will keep our students safe and healthy, and improve student progress, but we have a difficult time convincing others that such change is not just recommended but required. Change, whether it is related to textbooks or the learning environment, is indeed necessary in order to adequately prepare our students for the future. Clearly, we have made tremendous progress since the days of the one-room school house. The steady changes we've made since then have resulted in a public school system that has been instrumental in the creation of the strongest nation on Earth.

We are faced with a number of changes and challenges today. In Marlborough and across our SAU, we are in a period where a smaller percentage of voters have children in our schools. Because of this, we are challenged to work harder to reach out and communicate the tremendous value we provide to our community. Part of that message is that education today is more important than ever and that the education we provide is better than ever.

It is difficult to imagine what life will be like for our younger students when they enter the future job market. The U.S. Department of Labor estimates that today's students will hold between 10 to 14 jobs before they reach the age of 38. Even today, according to the same department, one out of four workers have been with their present company for less than one year. Perhaps the most significant prediction comes from Former Secretary of Education Richard Riley who supports our need for change and growth with his contention that in 2010, the ten most in-demand jobs will be ones that did not exist in 2004.

We are advancing at a speed and pace that is almost beyond our comprehension. The amount of new technological information doubles every two years. More new information will be generated worldwide this year than in the previous 5,000 years. One week's worth of New York Times, for example, contains more information than a person was likely to come across in a lifetime in the 18th century. More than 3,000 new books are published every day.

Our challenge in Marlborough is daunting! We must educate our students, preparing them for jobs that don't yet exist, using technologies that haven't been invented, in order to solve problems we cannot anticipate.

We are also being challenged by our state and federal governments. We seem to be in a cycle of an increasing number of unfunded or underfunded mandates from our State Legislature and from Congress. No Child Left Behind is an example of an underfunded mandate. It is estimated by the New Hampshire School Boards Association that No

Child Left Behind costs $577 each year per student. It is also estimated by that same association that we receive $75 per student in additional revenue from Washington to fund this legislation.

The method of funding an adequate public education has always been the obligation of state government. The State Supreme Court continues to remind the legislature that the state is responsible for providing the revenue necessary to provide an adequate education for each student in our public schools. Currently, the majority of revenue comes from local property taxes. Given that some districts have approximately 20 times the value of local property per student than other districts, it is not hard to understand why some communities in New Hampshire are better able to fund an adequate education than others.

An adequate public education is not only a fundamental right of every student but attending school is compulsory through age 16. Last year, legislation was passed making school attendance compulsory through age 18 beginning with the 2008/2009 school year. Hopefully, with the current session of the legislature, New Hampshire will live up to the promise made in the New Hampshire Constitution to provide an adequate education for each public school student in our state.

An additional challenge comes from the Marlborough parents and school board, who demand more than adequate reading and math programs for our students. They want a curriculum that includes critical thinking, social skills, citizenship, health, physical education and the arts. I believe we already have quality programs in all those areas. Marlborough School continues to focus on what matters most: the documented progress of each student, personally, socially, physically, and academically. One indication that we have quality programs in those areas is that Marlborough students at Keene High School continue to perform well. This past year, Marlborough had 106 students enrolled at Keene High School. These students are taking advantage of a wide range of academic courses as well as co-curricular activities. In English, 62 percent of the Marlborough students earned a grade of "B" or better. In mathematics, 51 percent earned a grade of "B" or better. In science, 60 percent of the students earned a grade of "B" or better. In social studies, 57 percent of the students earned a grade of "B" or better. In world language, 60 percent of the students earned a grade of "B" or better. The overall attendance rate for Marlborough students at Keene High School was 94.7 percent.

Marlborough seniors from the class of 2007 reported their post-secondary plans as follows: American University, Smith College, the University of Maine, MNH, the University of New England, Champlain College, Keene Beauty Academy, Keene State College (3), NHCTC, post-graduate work, the military, mission work, work (3).

Please make the time to visit the school, to attend a school-related activity, or to attend a school board meeting. Please be sure to attend the Annual District Meeting on Tuesday, March 4, 2008 at 7:00 p.m.

Safety Improvements

This summer, the State informed us that we could not use the Kindergarten and Readiness classrooms, due to fire code regulations concerning safe egress. For a while it looked as if we might have to send Kinder and Readiness students to Harrisville. With a little planning, I was able to create a safe, primary east wing with the kindergarten and readiness students going into the old 3rd grade rooms. The staff handled these unexpected changes well. They devoted many hours of their own time to move items and organize their classrooms. I, also, want to publicly thank custodians, Bob Nolan and Jim Machado, and my Administrative Assistant, Jay Gaudry, for their efforts and their sense of humor during this time. The team work has been phenomenal!

The PTA and the Marlborough School Board have worked closely to enable us to have a new, safe playground this year, complete with safe ground cover and new equipment that meets all safety codes. New playground equipment was installed with volunteer help in October. Many thanks to the many volunteers!

The school conducted State sponsored student and staff surveys. Based on the results, our school recognizes that we need to address bullying behaviors. We brought an inspirin school community middle school program called "Rachel's Challenge" to Marlborough School. This program is designed to equip students with the skills necessary to discontinu name-calling and gossip, thus, reducing harassing and bullying behavior. We also have conducted the "Bully Proof" program offered through the Monadnock Violence Prevention Association for our elementary grades.

Parents and community members are now using designated parking and drop off areas during student arrival and departure times. This has created a safer outside area for our students.

Instructional Programming and Curriculum Development

The percentage of students who met Adequate Yearly Progress is greater in Marlborough than in most of the schools in Cheshire County. I believe that the reasons are:

1. All teachers are now teaching to their expected grade level skills after having worked on their curriculum maps for the past three years.
2. Teachers are clear, from having analyzed the NECAP and the NWEA test scores, that writing is critical to understanding. Therefore, writing rubrics have been created and implemented for student journal writing.
3. Much reading and math supplemental support has been provided to our students by Reading Specialist, Pat Murphy; Title I Instructors, Marianne Van Valkenburg and Molly Bentley; and by Special Education Teachers, Rich Comerford and Joyce Puleo.

Integration of Support Systems

In order to provide our students with more practice and reinforcement of essential skills and concepts at each grade level, we provided the following supportive services and programs:

- Title I supplemental reading and math instruction, K-3
- Remedial reading instruction, K-8
- Special Education and Related Services
- Technology integration
- Foreign language instruction (Spanish)

Community Connections

I continue to see a spirit of volunteerism from parents and community members that is impressive. Our PTA and other community members have raised fun and funds for our children and are doing all that they can to help. I want to particularly salute Cheri Nutting who has assumed the PTA Presidency and is responsible for more than doubling the membership. I want to extend special thanks to Marlborough Chief of Police, Chris Lyons; Detective, Steve LaMears; Marlborough Fire Chief, John Manning; Andy Harris, Hannaford Manager; the Rotary Club; Verizon's Pioneers' Club; Monadnock Volunteer Center RSVP; the town road crew; transfer station operators and the Marl-Harris After-School Program for the support and encouragement they have extended to our entire school community.

We continue to provide many activities which students and parents enjoy and have come to expect:

PTA Fall Festival
Grandparents' Pumpkin Carving Day
Officer Phil Safety presentation for K-3
Turkey Trot
Friendly Meals servers
New Hampshire Dance Institute
American Heritage Tour
Fire Prevention Week
Artist-in-Residence
Middle School bowling and snow tubing
Chorus and Band performances
Kids' Closet
New England Heritage Tour
Holiday Concert
Geography Bee
Scholastic Book Fair
Student Council
KSC Owls Hoops Demo.
Aerobics for Heart
Rachel's Challenge
Monadnock Violence Prevention Anti-Bullying Program
Student and Citizen of the Month Assemblies

We continue to encourage communication with parents and the community through our weekly parent newsletter. We have also added a recognition bulletin board and a suggestion box in the school. These provide opportunities for people to view accomplishments, offer ideas and voice concerns.

In an effort to involve as many people in the decision making process as possible, much committee work is occurring this year. Included are the Principal's Advisory Group, School-Wide Discipline Committee, School Safety Committee, Handbook Committee and Wellness Committee. Anyone interested in becoming a member, or just sitting in on a session or two, would be most welcome.

Our athletic department continues to provide our students with seasonal opportunities. They play a variety of sports, learning how to be contributing team members and practicing good sportsmanship.

Conclusion:

This has been a year of adjusting to new building codes and safety standards and facility needs. I want to thank the staff for their team work and for communicating with me, giving me their advice and sharing concerns. Working together and listening to one another, we are accomplishing much.

Finally, I wish to extend a heartfelt thank you to Linda Frazier and Ron McIntire. They are retiring from teaching this year after 33 years and 30 years in the field, respectively. Through their efforts, they have made Marlborough Elementary School a caring, learning environment. Thank you, Linda and Ron, for your many years of exemplary service!

It continues to be a pleasure and a privilege for me to work in a district which demonstrates its commitment to quality education and community involvement. Thank you all.

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Marlborough School District
Marlborough, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund and the remaining fund information of the Marlborough School District as of and for the year ended June 30, 2007, which collectively comprise the Marlborough School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express opinions on the financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The government-wide statement of net assets does not include any of the School District's capital assets nor the accumulated depreciation on those assets; and the government-wide statement of activities does not include depreciation expense related to those assets. These amounts have not been determined. Therefore, in our opinion, the financial statements referred to above do not present fairly the financial position of the governmental activities of the Marlborough School District at June 30, 2007, and the changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the remaining fund information of the Marlborough School District, as of June 30, 2007, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The budgetary comparison information is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Marlborough School District has not presented a management's discussion and analysis that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Marlborough School District's basic financial statements. The individual fund schedules are presented for the purposes of additional analysis and are not a required part of the basic financial statements. They been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
